

Top 4 Benefits of Moving to SIP

1. Reduced Costs

SIP usually bills on per-user basis

2. Mobility

SIP connects your employee's devices via user-friendly VoIP apps

3. No Additional Investment in Infrastructure

Remote employees can be integrated very easily to your company network

4. Unified Communications (UC) and Omni-Channel

All traffic traversing the same infrastructure and provides more interaction channels and engagement options for both employees and end customers alike.
